1st VERSE F#7
Don't expect any kind of reaction,
Bm E
We'll pretend that its nothing more,
F#7
I needed space like you needed direction,
Bm
Its all been said too many times
E
I don't know how to see it
F#7
And I'm blind with designs on the future,
Bm E
Now I need so much to be on my own,
F#7
Holding on while it all falls to pieces,
Bm
The linings ripped up off the floor,
E
The tables turned I'm out the door

CHORUS Bm
Don't know why I even bother,
C#m F#7
Not sure if I can.
Bm
Used to think I'd found the answer,
C#m E
But I was living as Another Man.

2nd VERSE Crazy people with dreams that don't sell,
Lead me down to nothing new
Laid so low I'm inspiring a following
You never really had the touch
I couldn't really say it

But I'm fine with my new way of thinking,
It's trying and its twisting me hard
Love lies bleeding in every direction,
I've thought about the chance again

I'm moving on but not too far this time(you're not far enough behind)

CHORUS Don't know why I even bother,
Not sure if I can.
Used to think I'd found the answer,
But I was living as Another Man.

BRIDGE D E
Maybe the time isn't right,
D E
I couldn't begin to try

There's nowhere to hide in the light.
